

Buffalo Niagara Waterkeeper has made significant and transformative progress for the waters in our region, but these accomplishments would not have been possible without the generous and unrestricted capacity funding provided from local businesses, donors, and foundations.

By investing in Buffalo Niagara Waterkeeper as a Mission Partner, your business is part of the essential and enduring impact on the revitalization of our region's waterfront.

Philanthropic support from WNY businesses is critical to our ability to advance the progress made thus far while tackling the growing threats to our environment. Your investment supports every aspect of our mission, providing necessary funding across all our initiatives. Best of all is that your Mission Partnership showcases your company year-round and provides multiple opportunities for employee engagement. Partnership levels are detailed below- contact Dani Priebe, Development Manager, to learn more and begin your Partnership.
